

Welcome at Knus (0031-15-2122990)

**Deposit: €20,- / .....**

Before you start your adventure, you should know about a couple of rules:

- This receipt states the time of your departure
- This paper **together with** the receipt will give you your deposit back. (If you miss one of them: no deposit back, sorry)
- If you want to stay away longer than the set time you will be charged €2,50 per 15 minutes, but be sure to be back before 17.00 hrs. (Knus is closing at that time)! By returning after 17.00hrs. you loose your deposit.
- We give you the boat without water inside so please return it like that.
- Don't leave trash in the boat.
- Next to being a rowing pond this is also a fishing pond. So please be considerate and try to avoid the fisherman. If you see a floater than please just pedal or row around it.
- Be sure not to lose anything! Everything could slip out of your pocket without you noticing it while pedalling or rowing. The water is ruthless and just loves cell-phones, wallets and keys!
- Notice that during a windy day your trip back could cost you more time because of the wind!
- We have floating devices and lifejackets. These aren't lifesavers but aids for swimming.
- **This whole trip is on your own risk!**

Good Luck !!!!
