

Before you start your adventure, you should know about a couple of rules:

- You pay €15 for the first hour and €15 deposit.
- If you stay away for longer then 1 hour, we charge €7,50 per 30 minutes extra.
- The way you pay the deposit is also the way we return it back to you.
- Please make sure to be back before 17:30 hrs. That's our closing time!
- This receipt states the time of your departure.
- We give you the boat without water inside, so please return it like that.
- Don't leave trash in the boat.
- Next to being a rowing pond, this is also a fishing pond. So please be considerate and try to avoid the fisherman, If you see a floater, then please just pedal or row around it.
- Be sure not to lose anything! Everything could slip out of your pocket without noticing it while pedaling or rowing. The water is ruthless and just loves cell-phones, wallets and keys!
- Notice that during a windy day, your trip back could cost you more time because of the wind!
- We have floating devices and life jackets. These aren't lifesavers, but aids for swimming.
- This whole trip is on your own risk!

HAVE FUN!
